

H92 scan holder for DC925x series

Features

With the Internet of Things (IOT), Android smartphone / tablet become the tool for data collection. Riotec develops the “mini barcode scanner” & “scan holder” which be applied for Android OTG smartphone and tablet.

Its advantages include:

- ** Mini barcode scanner can plug into Android OTG smartphone through micro USB port. Plug and Play.
- ** With appropriate APP, the Android smartphone becomes data collectors.
- ** Mini barcode scanner is with touch trigger. The operation is easy.
- ** Scan holder can be used for different size of Android OTG devices. (from 4” to 6” size)
- ** Scan holder with PU glue / suction cup can be stuck on smart-phone strongly. PU glue is repeated used.
- ** Scan holder with Li-Ion battery (Optional) inside can provide power to mini barcode scanner.
- ** You don't need to remove Scan holder when in charge. You can charge the battery inside & smart-phone battery both through its micro USB port.

Specifications :

Model Name **H92P (with battery) / H92N (without battery)**

Electrical Characteristics

- Input voltage Smart Phone / Tablet Power

Physical Characteristics

- Dimension (L * W * H) 116 X 52.5X 33 mm (without cable)
- Color of housing Black
- Weight 48 g +/- 5 g

Environment

- Temperature-operation 0°C to 50°C
- Temperature-storage -10°C to 60°C
- Humidity-operation 5% to 95% relative humidity, non-condensing

Product specification is subject to change without notice.
